🌟 Python for Data Science Course Schedule 🌟

📅Total Duration: 15 Days

🚀 **Why Choose This Course?**

📌 Our **Python for Data Science** course helps you become a job-ready data scientist with strong fundamentals. You'll learn how to **clean, transform, analyze, and visualize data** using Python, along with building predictive models through hands-on practice and real datasets. With **expert guidance**, you won't just learn — you'll explore, analyze, and succeed! 🏆

📚 **Course Modules & Schedule**

◆ Introduction to Python for data science - 1 Day

Python Programming– 5 Days

Python for data science – 8 Days

✅ Final feedback & course wrap-up – 1 Day

🎯 **What Makes Us Different?**

✅ Learn from Industry Experts – Get guidance from **experienced professionals** who teach Python for data science in a clear, simple, and practical way. 👩‍🏫✨
✅ Hands-On Python Practice – Work with real datasets daily, perform **data cleaning, analysis, visualization**, and build predictive models entirely using Python. 💻
✅ Complete Career Support – From communication training to **mock interviews** and **resume building**, we help you gain the confidence needed to start your data science journey. 🌟🤝

🌟 **Join Us & Transform Your Future!**

🚀 **Your journey to success starts here!** This course is more than just learning it's about shaping your career, building confidence, and unlocking endless opportunities.

🎯 At Bright Future Academy, we don't just teach; we make you **learn by doing!** This hands-on approach equips you with the s**kills and confidence to excel in your career. 🚀**

📢 **Don't wait for opportunities create them!** Brighten your future with Bright Future Academy and gain the skills, experience, and confidence to thrive in the tech industry! 🚀💡

🔥 **Join Now** 🌟 **Your Tech Journey Starts Here!** 🌟
